

MY SEWING ROOM

Classroom Brochure

Winter/Spring 2018 Edition

Hello Friends,

Welcome to winter at My Sewing Room. I sincerely hope that this new year brings you much love, joy and an adventure of your choosing.

Whether it's travelling to new lands or a creative adventure at home, we are ready and waiting to introduce you to exciting new lines of fabric, an array of new classes and an all-around great experience every single time you walk through our doors.

We are all quilters and sewers, and we know how passionate you are about your fabric, patterns, notions and machines. We are too!

BERNINA and Brother both have updated additions to their lines this season. We know you want machines that will make your sewing projects come to life quickly and easily. And, when you purchase your new machine from us, we make sure you know how to operate it effectively and efficiently.

Cheryl is back with some great original designs, as is Kerry. And, because it's all about the collage quilt right now, Lynda D has that covered for you as well. Gwen has been sewing up a storm as usual and we know you will be thrilled with the resulting classes. Linda will have you quilting like a pro. Everyone is ready to share their knowledge and experience with you. It all adds up to a whole lot of fun.

Our Kit Department has been working overtime creating some wonderful new designs! Our Longarm Studio would love to introduce you to their creative adventures and as always, we are fully supporting two of our favourite causes - Days for Girls and Quilts From The Heart.

Michael and I have had quite the adventure this past year, both personally and professionally, and we sincerely hope you are enjoying all of the changes we have made at the shop, especially the fresh new light with which to enjoy our fabulous fabrics.

We want each and every experience you have at My Sewing Room to reflect our joy in having you here. THIS is our happy place. Come join us and warm up to winter at My Sewing Room!

Sincerely,

Anne Dale, Proprietor

New Owner Classes

At My Sewing Room, our goal is to sell you the right machine for you. Part of that goal is teaching you how to use your machine so that you really “know” your machine and thus know that it is the right one for you.

ALL of the machines we sell come with FREE classes to help you learn your machine’s abilities. These are NOT classes on how to sew; these are classes on how to use your sewing machine.

You must BRING YOUR OWN SEWING MACHINE to these classes, as it is very important in order to learn:

- how to use all of those fancy features you have no idea what to do with
- what all of those feet that came with the machine are for
- how to clean and maintain your machine for optimal performance and long life

By bringing in your machine, we can ensure that you get the most out of it.

Classroom Policies

Fees

Class fees are required at the time of registration and, unless otherwise specified, are for the class only.

Kit fees (when required) are in addition to the class fee and will be charged at the current market value at the time of the class.

Reservations

Classes are filled on a first-come basis *with* payment. You may ask to be placed on a waiting list, but this does not guarantee you a spot, should the class sell out.

Cancellations

If **My Sewing Room** cancels the class due to insufficient numbers, you will receive a refund or store credit for the class fee. (This rule does NOT apply to Class Pass participants.) Otherwise, *no refunds* are given on registration fees.

If you are unable to attend a course for which you are registered, you may send someone in your place.

Do not purchase supplies until you are sure that the class will run. Absolutely no refunds will be given for supplies purchased for cancelled classes.

Supply Lists

Be sure to pick up your supply list when you register, or to check the online Class Infosheet for requirements. It is important to bring all items listed, as the teacher does not supply these items.

Please purchase all fabric, notions and tools **prior** to your class (upon confirming that the class is running), so as not to delay the start of the class or to miss any instruction.

If the class requires a pattern or book, each participant must have their own copy in accordance with copyright laws. No photocopies are permitted in our classes.

Classroom Etiquette

All classes begin on time; please be a few minutes early to get setup and ready to learn.

Out of courtesy for the instructor and your fellow students, please turn off your cell phone and limit the use of perfume, as we endeavour to be a scent-free facility.

Please, **do not bring your pets or children with you** unless they are a paid participant, such as our Kids classes.

Full-day classes do not include lunch, unless otherwise specified. Always bring a reusable drinking mug - coffee, tea and water are available in our kitchen.

Class Pass

The Class Pass, when available, lets you take as many classes as you wish for one low price. Some restrictions do apply and classes marked with an asterisk * are not eligible for Class Pass.
