BERNINA⁺

Two high-performance newcomers

A BERNINA has always been something special – now it's also something unique! The two stylish special models in the BERNINA 3 Series set new design standards in the sewing machine industry and feature the latest technology. Standard accessories for the two new sewing machines include the large slide-on extension table, the practical Free Hand System (FHS) with presser-foot lifter, the walking foot, a quilting foot, and a patchwork foot. The B 350 Special Edition sews and embellishes a variety of fabric types with ease. Supplied with two sewing alphabets as standard, it can be upgraded with a wide range of optional accessories as your requirements grow.
