

Cover Stitch

Wide variety of cover stitches, from utility to decorative

- Professionally finish edges with single or dual top-stitching look.
- Finish interior edges and attach decorative edging at the same time.
- Create durable strapping for swimsuits and dance garments, chain stitch finish for hems or belt loops.

Colour-coded upper thread dials and looper thread guides

- Allows for easy threading.

1-2-3 needle options

- Utility, flatlock and decorative stitches have even more possibilities with a variety of needle positions.

Stitch length 2.0mm to 4.0mm

- Suitable for many types of projects.

Fast-easy looper threading system

- Colour coded with thread management guides to assure proper thread delivery.

Slide lever adjustment for differential feed

- A professional edge finish reduces the wavy or stretch appearance of stitches on fabrics.

Fully extendable thread guide

- Numerically coded guides for specialty threads; spool guides and thread nets for serger thread and domestic thread spools.

Presser foot pressure dial

- Adjustable dial assures consistent fabric delivery.

Included operation manual

Overview

The 2340CV Cover Stitch is an advanced serger, which allows you to create a wide range of cover stitches on all types and weights of fabric for both decorative and constructive applications. Expand your creativity with the 2340CV's advanced

technology. It features a tri-cover stitch, wide and narrow cover stitches, colour-coded threading, easy looper threading, adjustment dials for stitch length, a presser foot dial, snap on feet and differential feed which allows you to alter the speed

at which your fabric is feeding through the machine. With 3 needles and one looper thread, the cover stitch machine creates professional hems, chain stitch and decorative stitching great for making the perfect T-shirt in no time!
