

The Professional

Serger - 3034D

3/4 thread (1 or 2 needles)

Multiple thread options allow you to easily convert between 3 or 4 thread stitches for professional finishes.

Colour-coded thread guides

Allow for easy upper and lower looper threading and quick thread changes with all thread types.

Trim trap

Trim trap for catching scraps of fabric and storage of the foot controller when the machine is not being used

Differential feed

Differential feed for perfect seams on virtually any fabric type eliminates the wavy or stretched appearance of stitches on fabrics

Up to 1,300 stitches per minute

Saves time when sewing and completing serged edges.

Give a professional look to your next project with serged seam finishes. Seams lie flatter and look better with an overlock stitch. Home decor projects often suggest the use of a Serger for rolled hems and secure seams and differential feed. Choose from a 3-or-4-thread look and enjoy the easy threading method. The 3034D features two needles and 3 or 4 threads with differential feed. Create stitches from 2.0 to 4.0 mm in length. Differential feed ratio of 0.7 - 2.0 gives improved stitch quality. Free arm makes it easier to sew sleeves, trouser legs and other hard-to-reach places.
